THE UNIVERSITY OF NEW MEXICO®

Calculus 1 (1430,1512) Prep

ENGINEERING STUDENT SUCCESS CENTER

@UNMESSCENTER

Drop-In Tutoring for Engineering & Computing

Get help in your core STEM courses, engineering & computing specific classes, software, and coding languages.

ESS suite (CEC 2080) & online via the Penji App (with Zoom)

Tutoring schedule & more info at

ess.unm.edu/services/tutoring/

or through our app - succESS

Semester-Long Engagement Opportunities

Many are open to pre- and full majors and have no citizenship or GPA requirements.

https://goto.unm.edu/mentoring

MENTORING

- **BE a mentor**
  ...to our incoming students in their transition into the University of New Mexico, the university setting, and Albuquerque.
- **HAVE a mentor***
  ...who is a STEM Professional working in the field to build your network and receive guidance and support.

**This program is open to UNM STEM Majors. Priority is given to Freshmen and Sophomores, but all levels are encouraged to apply.*

https://goto.unm.edu/internships

INTERNSHIPS

Getting real-world experiences leads to your satisfaction with your undergraduate journey. Gain valuable hands-on experience while making professional connections.

These programs are only open to School of Engineering Students.

https://goto.unm.edu/research

RESEARCH

- **EPICS @UNM**
  ...to give back to the community, earn credit, and gain research experience all at the same time!
- **Student Research Experience Program**
  ...to get hands-on research experience to understand how your courses fit in to real-world applications.

These programs are only open to School of Engineering Students.

ENGINEERING STUDENT SUCCESS CENTER

You are WELCOME to ALL events

Spring 2023 Events

We are Student Success

Pre-Semester Prep Series
Physics 1, Chem 1, Trig/Pre-Calc through Calc 3

Semester Long Programs
Mentoring, Internships, Research

Presentation Prep Series
What is a Conference?
Designing Effective Presentations
Data Visualization
Delivering Presentations

1st & 2nd Year Student Events
Building Community - Weekly focused Study Groups
How to make the most of your learning
Twitch streaming event
Study Skills
Manage Your Time
Shadow Day
CAD Basics
Coffee Hour with Faculty
How to be more assertive
UROC - Attendance Participation

Spatial Visualization Series
Recap of sessions 1 - 3 from the Fall semester
Two-Axis Rotations and Inclined Planes & Curved Surfaces
Reflection Symmetry & Write a Rule

Career and Professional Development Events
Landing an internship
So, What's Next? Start-Ups, Patents, and Publications
STEM Mixer & Find Your Pack
Interviewing Basics
Building Connections & Networking
Resumes and Cover Letters
...and industry site visits...

Lab Safety Series
Hazard Communication & Hazard Evaluation
Hierarchy of Controls & Basics of PPE
Chemical Waste Management

WIN a gift card. **GAIN** experience.
BUILD your skill set. **ENHANCE** your resume.

And more! For more details, visit:
ess.unm.edu/events OR through our web-app - succESS

Contents

- Fraction Math
- Solving systems of equations
- Difference Quotient
- Unit Circle
- Trig Functions

Fraction Math

- Adding/Subtracting Fractions
  - Need a **common denominator**
  - Use special forms of one
- Multiplying Fractions
  - Multiply numerators and denominators straight across
- Dividing Fractions
  - Multiply by reciprocal of divisor
  - **Keep, Change, Flip**

- **Reduce, reduce, reduce!**

Fraction Math

- Adding Fractions

$$\frac{14}{3} + \frac{9}{21}$$

- Multiplying Fractions

$$\frac{3}{4} \times \frac{5}{6}$$

- Dividing Fractions

$$\frac{1}{2} \div \frac{4}{3}$$

Solving Systems of Equations

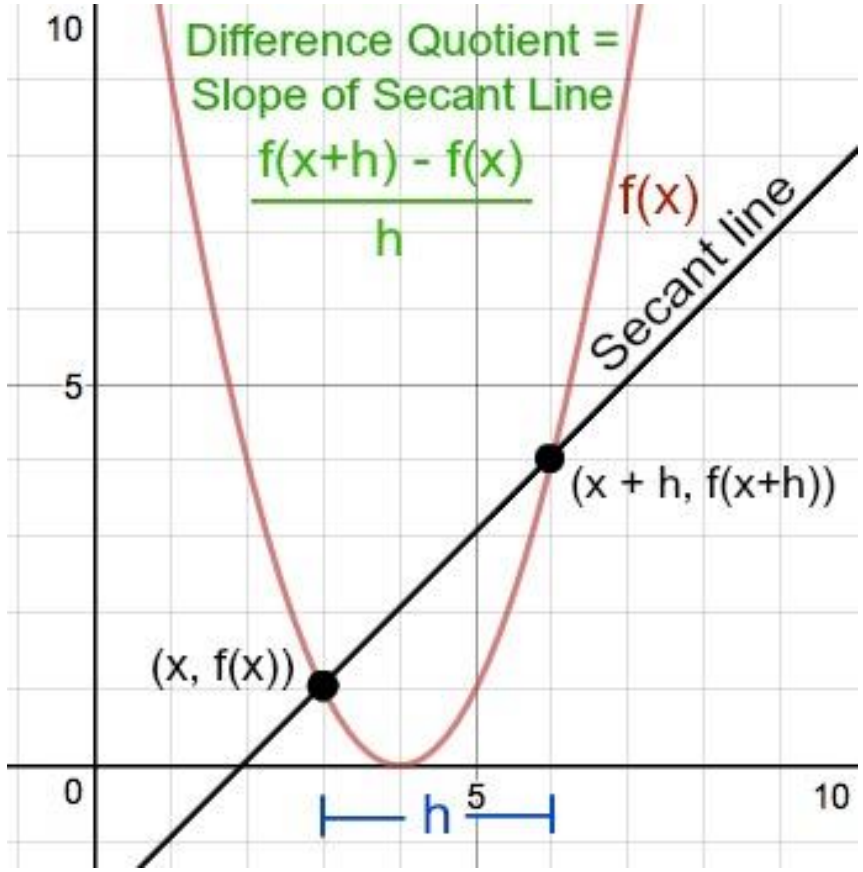
- Elimination Method
  - “Handcuff” the equations together
- Substitution Method
  - Isolate a variable in one equation and substitute it into the other
- Solutions that apply to both equations
  - Used to find where two lines intersect

Solving Systems of Equations

$$6x + 4y - 2 = 2x^3 + 6x^2 + 2y$$
$$y = 6 - 2x^2 - 2x$$

The Difference Quotient

- $\frac{f(x+h)-f(x)}{h}$
- A way to find the slope of a line over a particular interval
- "average rate of change"



The Difference Quotient

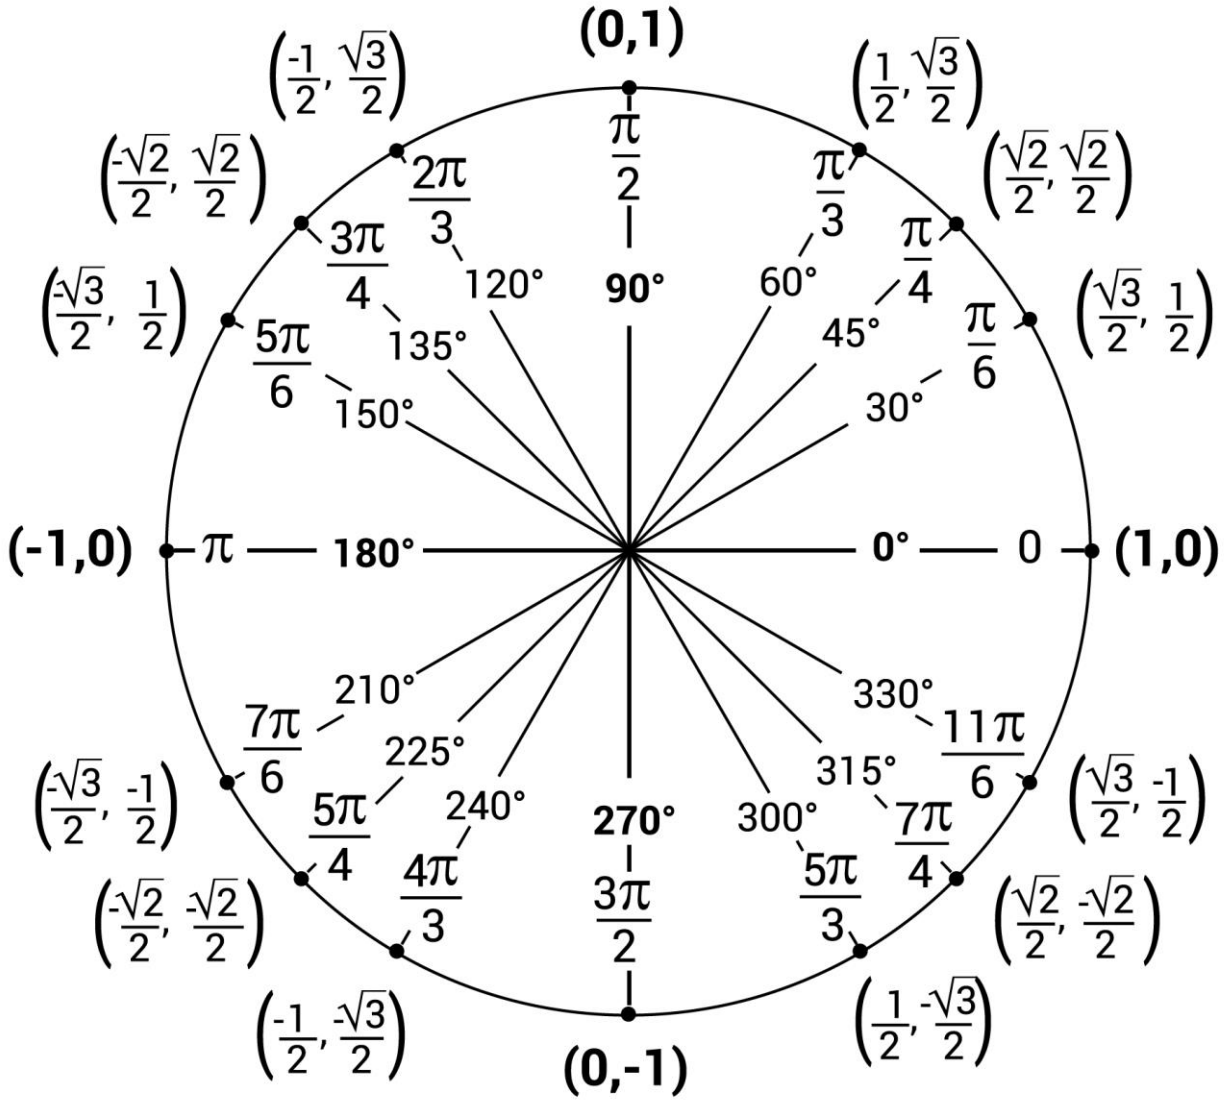
$$\frac{f(x+h)-f(x)}{h}$$

$$f(x) = 12 - x$$

Coffee
BREAK

The Unit Circle!

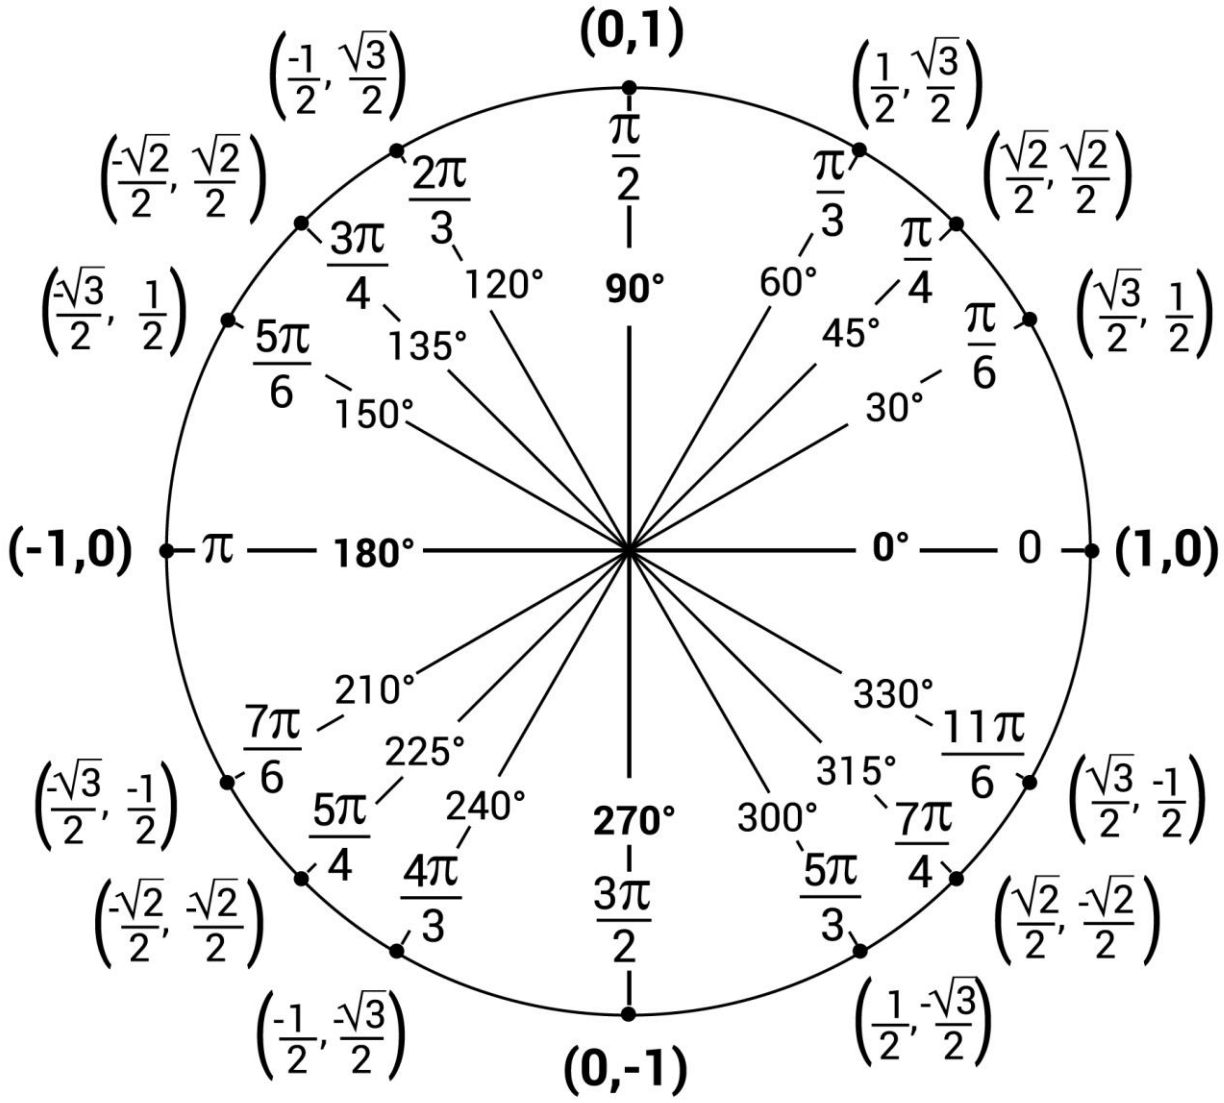
- $(x, y) \rightarrow (cos\theta, sin\theta)$
- $tan\theta = \frac{sin\theta}{cos\theta}$
- $180° = \pi\ rad$



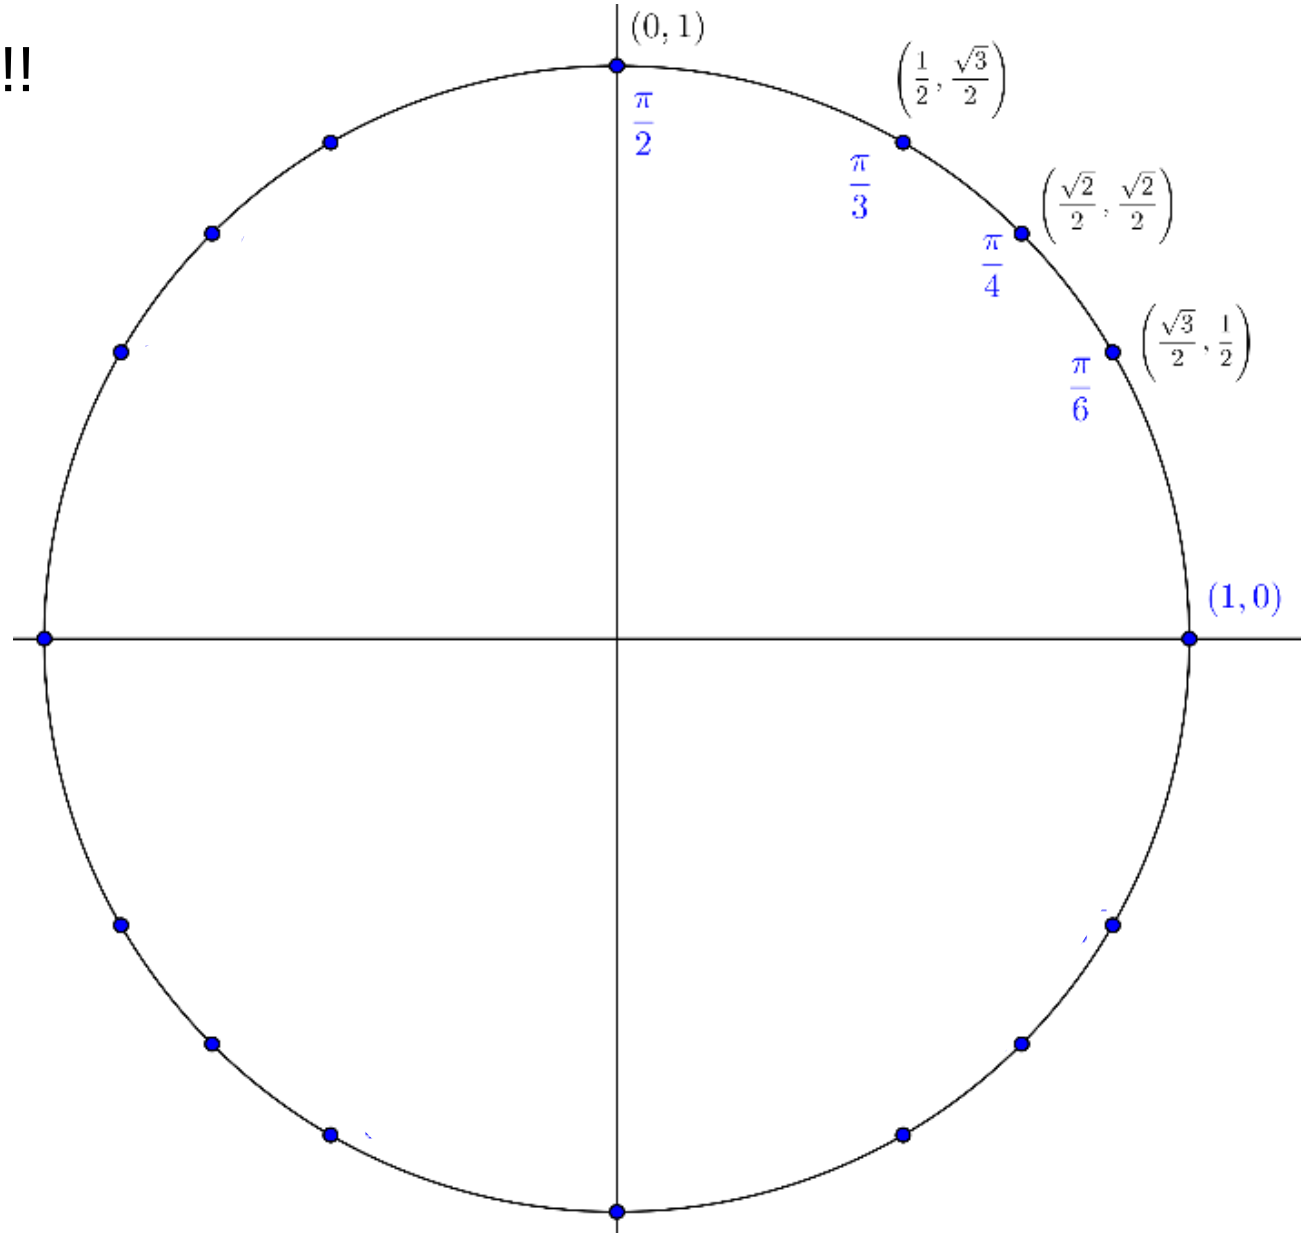
The Unit Circle!

- Convert $270°$ to radians

- Convert $\frac{2\pi}{3}$ to degrees

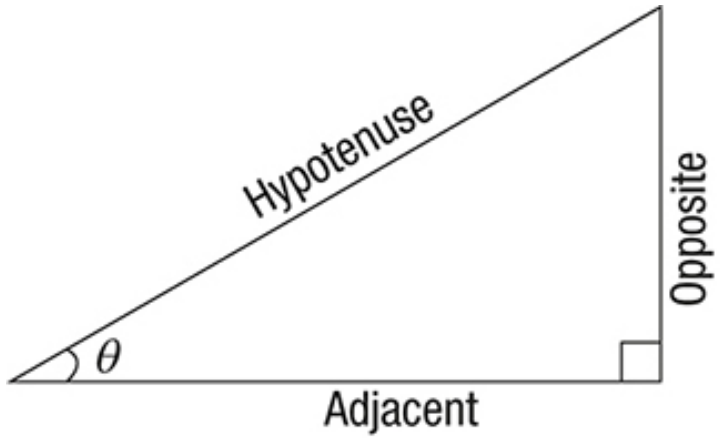


Only memorize Q1!!



Trig Functions

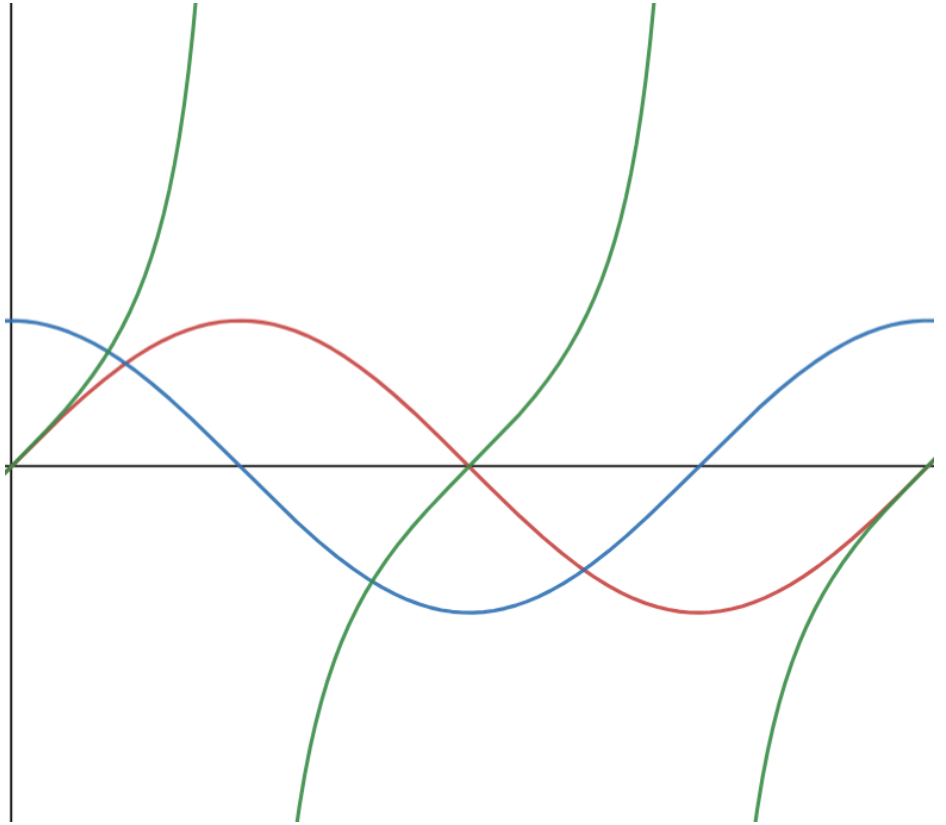
- $sin\theta = \frac{\text{opp}}{\text{hyp}}$
- $cos\theta = \frac{\text{adj}}{\text{hyp}}$
- $tan\theta = \frac{sin\theta}{cos\theta} = \frac{\text{opp}}{\text{adj}}$



- Input angles in degrees or radians
  - Ex. $\sin(45) = \frac{\sqrt{2}}{2}$
  - Try: $\cos(60) = x$

Trig Functions- Graphs

- $y = AsinB(x + \phi) + c$
- $y = AcosB(x + \phi) + c$
- $y = AtanB(x + \phi) + c$
  - A = amplitude
  - $\frac{2\pi}{B}$ = period
  - ϕ = horizontal shift
  - C = vertical shift
  - Range restricted to (-1,1) for “parent functions”



Graph $f(x) = 2sin\left(x + \frac{\pi}{2}\right)$

Inverse Trig Functions

- These "undo" regular trig functions
  - Input distances to find the angle

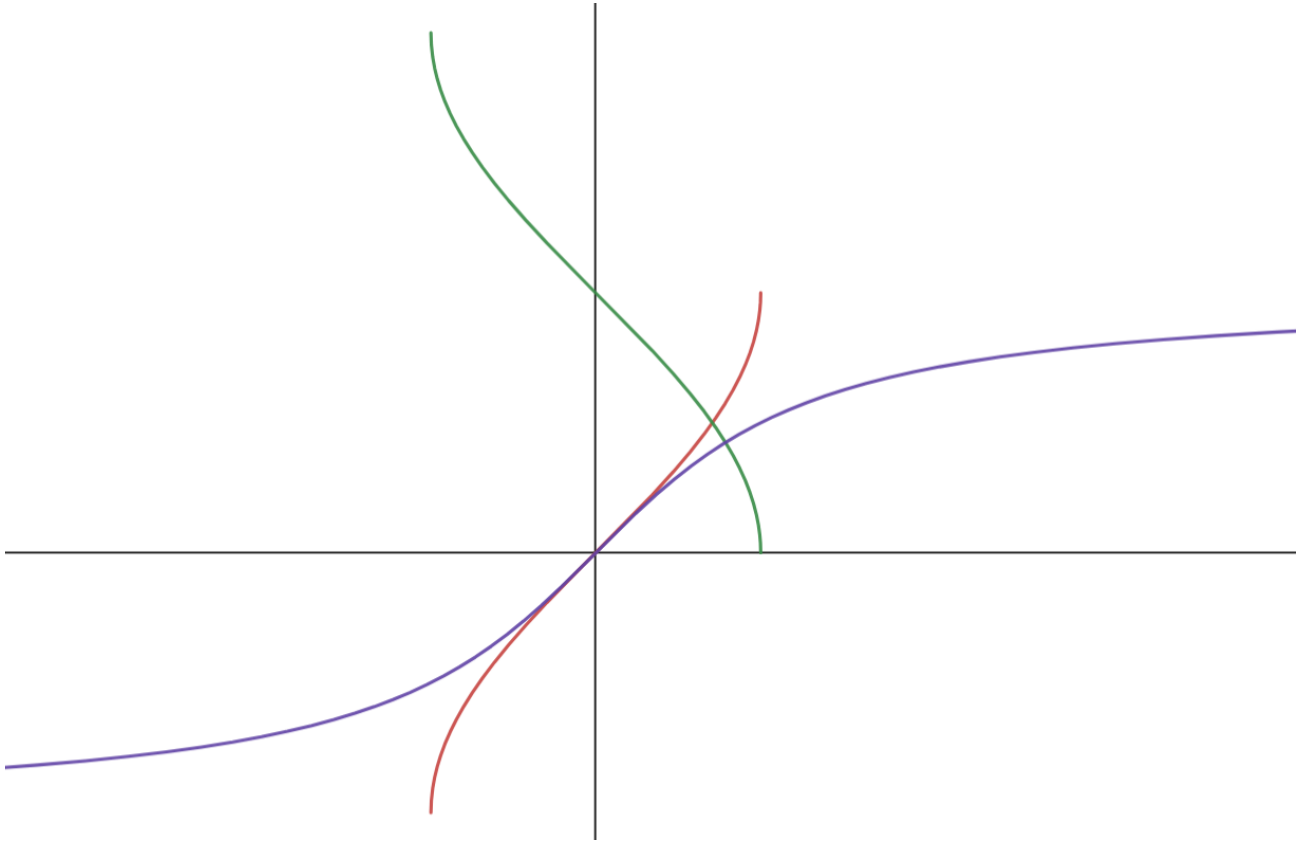
- $\sin^{-1} x = \theta$
- $\cos^{-1} x = \theta$
- $\tan^{-1} x = \theta$
  - Ex. $\tan^{-1}(\sqrt{3}) = \frac{\pi}{6}, \frac{7\pi}{6} + 2\pi n$

  - Try: $sin\theta = -\frac{1}{2}$

Inverse Trig Functions - Graphs

- Domain is restricted to (-1,1)
  - Opposite of regular trig functions

- $f(x) = \sin^{-1} x$
- $f(x) = \cos^{-1} x$
- $f(x) = \tan^{-1} x$



Reciprocal Trig Functions

- $csc\theta = \frac{1}{sin\theta}$
- $sec\theta = \frac{1}{cos\theta}$
- $tan\theta = \frac{1}{tan\theta}$

- Useful identities for simplifying difficult trig problems

Using the given information, find the solutions to each of the following trig functions:

$$cos\theta = \frac{3}{5}, \qquad \sin\theta > 0$$

$sin\theta =$

$tan\theta =$

$csc\theta =$

$sec\theta =$

$cot\theta =$

What quadrant of the unit circle does θ fall in?

Study Tips

What you can do before the semester

Mentality	Be proactive
Review	Review the self-evaluation
Explore	Explore online resources
Converse	Talk to your professor and TA
Locate	Find resources on campus, such as CTL and tutoring
Study	Form a study group, develop a study plan

Throughout the semester

GO TO CLASS

STAY ON TOP OF HOMEWORK

GO TO PROFESSOR AND TA OFFICE HOURS, CTL, CALC TABLE.

THE UNIVERSITY OF NEW MEXICO

Start Your Semester Off Right
Join us for a *FREE*

Pre-Semester Prep Workshop Series

These interactive workshops will review all foundational material leading up to the specified course so you are better equipped to hit the ground running.

Synchronous in-person in the ESS suite & virtual via Zoom

†Pre-Calc/Trig Prep	Monday, August 14, 2023	10 AM - 12 PM
†Calc 1 Prep	Tuesday, August 15, 2023	10 AM - 12 PM
†Calc 2 Prep	Wednesday, August 16, 2023	10 AM - 12 PM
Calc 3 Prep	Thursday, August 17, 2023	10 AM - 12 PM
Math working session	Thursday, August 17, 2023	1 - 3 PM
†Physics 1 Prep	Friday, August 18, 2023	10 AM - 12 PM
Chem 1 Prep	Friday, August 18, 2023	1 - 3 PM

†Attend these sessions & give feedback for access to a general knowledge exam.
